Sales Discontinuance of Carestream Dental Film Catalog Numbers

March 19, 2025

As part of our ongoing product initiatives, Carestream has decided to rationalize our portfolio by discontinuing certain low-volume catalog numbers. Effective immediately, we will no longer manufacture these specific catalog numbers. However, you can still place orders for these items until our existing inventory is depleted.

Below, you will find a table listing the discontinued catalog numbers along with their suggested replacements.

Discontinued Catalog Numbers

Catalog #	Description
