Coming Soon: Our Exciting New Shop Carestream Experience!

January 27, 2024

We're excited to announce our new Shop Carestream Platform: fully integrated into our ordering, financial, billing, manufacturing, and distribution systems and designed to make your b2b transactions easier than ever, with features like:

- Software designed with our Channel Partners and customers in mind.
- Azure Integrated Login
- Targeted features for faster order placement and convenient order tracking
 - More intuitive workflow and user experience
 - Cut & paste directly from Excel
 - See all orders placed on Carestream; not just orders from Shop Carestream
 - Create a single order including products from separate locations
 - Split orders without needing to create separate orders

We'll start transitioning new users in February, with the goal of everyone having full access in mid-April. Your local team will be in touch shortly to start the process.

If you have any questions, please contact your Carestream Sales Manager.
